RoHS and REACH COMPLIANCE STATEMENTS

ROHS 3 COMPLIANCE STATEMENT

3DXTECH LLC. ("3DXTECH") is committed to compliance with all applicable laws and regulations. As such, we hereby certify that the thermoplastic 3D printing consumables that we manufacture and sell are in compliance with and conform to the European Union's Restriction of Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS 3) Directive 2015/863/EU. Said products have no intentional addition of:

- Lead (Pb)
- Cadmium (Cd)
- Mercury (Hg)
- Hexavalent Chromium (Cr)
- Polybrominated Biphenyls (PBB)
- Polybrominated Diphenyl Ethers (PBDE)
- BIS (2-ethylhexyl) phthalate (DEHP)
- Butyl benzyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Diisobutyl phthalate (DIBP)

Any trace impurities of these substances are below the threshold limits as specified by the RoHS directive. This declaration is based on vendor-supplied certifications of the component materials used in the manufacturing of our products.

3DXTECH believes to the best of its knowledge that the above statements are accurate as of the date of this certification and the statements and certifications of suppliers or service providers that we may have relied upon in the preparation of this statement. This certification is valid unless superseded by a revised certification at a later date.

REACH COMPLIANCE STATEMENT

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) is a European Union Commission (EUC) Regulation on chemicals and their safe use. The REACH regulations became effective on June 1, 2007 and establishes specific duties and obligations on a business in the European Union (EU) which manufactures or imports a substance or article that includes a "substance of very high concern" (SVHC) in concentrations of more than 0.1% w/w. A substance which is listed on the "Authorization List" published by the European Chemicals Agency (ECHA) (Annex XIV of the REACH regulations) cannot be manufactured or imported in the EU after a fixed date unless the ECHA authorizes the use of the substance for a specific use or uses.

Further, the use of substances listed in Annex XVII of the REACH Regulations are banned in all articles or substances produced or imported in the EC except to the extent that the use complies with the specific restrictions contained in Annex XVII.

Although not required to directly register any of its products with the ECHA, 3DXTECH LLC (3DXTECH) is committed to assisting its customers in their efforts to comply with REACH. So upon review of the formulations of our products and to the best of 3DXTECH's knowledge:

(1) its products do not currently contain substances listed on the Candidate List of Substances of Very High Concern or the Authorization List, both as published by the ECHA on its website on the date of this statement, in excess of the applicable legal thresholds; and

(2) all substances contained in its products are currently in substantial compliance with the current conditions and restrictions of Annex XVII of the REACH regulations.

3DXTECH will endeavor to appropriately update or modify this REACH Compliance Statement should any changes occur in the composition of 3DXTECH's products or the REACH regulations, including the addition of any substances to the SVHC Candidate List, the Authorization List or Annex XVII of the REACH regulations.
